BELIMO Sensors are Here!

For over 40 years, Belimo has been continuously developing and expanding its range of new products and technologies to improve efficiency in buildings. Belimo's wide range of sensors are an innovative design - their compact design features a detachable mounting plate and snap cover that can be opened and closed without tools, allowing installation with just a few simple steps. These high performing sensors provide accurate and reliable readings, and are the perfect compliment to actuators and valves!

Available at BAi.

Contact us today to learn more about this great new line of sensors by Belimo!
